and interest payments are now being minde.

The general temper of speculation to-day was hesitating during the greater part of the foremoon, owing to the vigorous offorts of the bears to precipitate weakness in the general market by concentrating their efforts against the high priced thee lattics, with a view of anilodifus long stocks. The efforts were rewarded by substantial declines in Sugar, People's Ges and Metropolitan Street findling, the granger group yielded sympathetically with the break in whest, but the remainder of the list was well supported and losses were small.

The feverishness of the leaders dominated the speculation to a more or less extert until a disposition on the part of London operators to absorb a sprinking of the international favorines, coupled with maintest support to the standard shares, served to check the recommany tendency and values moved slowly upward with the ultimate results of the day's operations showing slight fractional charges favoring either side.

The lond market was fairly active but exhibited prespherities. Some individual transactions of near were made including a block of £20,00 ft P. 4's at 57. The total saies were \$2,200,00.
